# Introducing BREWHOUSE

Brewhouse are a new range of high quality alcoholic drinks installed and delivered by Barmaster Wholesalers.

We are offering them to you as a replacement to your existing brewery products or as an additional wallet friendly alternative for your customers to enjoy.

We have a 3.8% session lager, a 5% premium lager, 4.5% cider, 3.8% smooth, and a 4.3% stout.

We can arrange the equipment for these products to be installed in as little as 3 weeks, completely free of charge.

We have point of sale items and glassware to compliment the products, which you will receive with your first delivery.

On top of all of this you will have all the benefits of being a Barmaster customer, Order how and when you like, great payment options, and best of all speedy delivery - 7 days a week. Also Barmaster will deliver to you more than once a week, meaning you never need to run out of anything. Cheers to that!

**FREE**  
Get a free  
11g keg after your  
first three  
purchases.

- Reclaim your profit margins.

- Big savings available on Brewhouse products compared to the main breweries.

- Free stock available following all installations.

- Complete point of sale and glassware supplied with each installation.

- All installations of new equipment usually completed with in 3 weeks of order.

- No monthly line charges.

We here at Barmaster are confident we can help you and your customers save money whilst providing the best quality products and service. We think you'll love this new range, call or email us for any questions you may have, discuss pricing or to arrange an install. Our friendly staff are here to help.
